American Honda Motor Company

American Honda Motor Company

Honda has long built nearly all of its own automobile transmissions, unlike many other automobile manufacturers which often source transmissions from external sources. The most notable exception was in 2014, when Honda decided to forgo an in-house designed transmission and chose the ZF 9HP transmission for their Acura TLX V6 model, later extending the offering of the ZF transmission to the ...

List of Honda transmissions - Wikipedia

The basic power unit for the Honda Ridgeline is a 3.5 L V6 rated for 250 horsepower and mated to a five-speed automatic transmission. Honda Ridgeline owners will be positively impressed with an unsurpassed selection of fine quality replacement parts offered by our team.
