Prevention and Punishment of the Crime of Genocide, linguistic genocide as a central aspect of cultural genocide was discussed along with physical genocide as a serious crime against humanity. The ad hoc committee that prepared the Convention specified the following types of acts as examples of cultural genocide in Article III:

Linguistic Genocide | Encyclopedia.com

In linguistics, language death occurs when a language loses its last native speaker. By extension, language extinction is when the language is no longer known, including by second-language speakers. Other similar terms include *linguicide*, the death of a language from natural or political causes, and rarely *glottophagy*, the absorption or replacement of a minor language by a major language. Language death is a process in which the level of a speech community's linguistic competence in their language
