Veterinary education is the tertiary education of veterinarians. To become a veterinarian, one must first complete a veterinary degree (DVM, VMD, BVS, BVSc, BVMS, BVM, cand.med.vet). In the United States and Canada, almost all veterinary medical degrees are second entry degrees, and require several years of previous study at the university level.

The Requirements for a Veterinary Surgeon. Veterinary surgeons must complete all standard veterinary training, as well as specialized surgical training. Unlike medical doctors, veterinarians must be ready to operate on many species of animals. Most veterinarians specialize in either large or small animals, although ...

The Requirements for a Veterinary Surgeon | Work - Chron.com

UC Davis veterinary school is part of that legacy. A few open-heart surgeries were performed there in the early 1990s, but the cost — in money and time — spelled its end, according to Dr. Herbert Berkoff, a retired chief of cardiac surgery at UC Davis Medical Center who assisted his veterinary counterparts in the effort.

Canine open-heart surgery coming to UC Davis - News - VIN

Dr. Moghal graduated in 1972 from a very prestigious veterinary school. He has worked with United States Department of Agriculture, and taught Veterinary clinical medicine and applied veterinary surgery in a Veterinary school for three years.
