### Sword Buying Guide

When buying a new camera, you can visit a camera store and hold the different models in your hand to compare them. With swords, even if you were to visit a retail location, you would probably only be able to handle swords manufactured by one company, or at best two companies.

### Military Swords Buying Guide - Marlow

There are so many different types of Swords that it can be difficult to conclusively classify them into neat groups and categories. One respected sword scholar, Colonel D.H. Gordon, a British army officer trained in sabre and bayonet fencing pre-WWI suggested that weapons less than 14" long should be classified as daggers, 14-20" long as dirks, those 20-28" as short swords and anything over ...

### Types of Swords - sword-buyers-guide.com

The most popular three types of carbon steel used in swords are 1045, 1060 and 1095, starting with the most inexpensive to purchase and to shape (1045 carbon steel).

### Sword Steels 101 - sword-buyers-guide.com

Figure 1: Fighter A steps in and prepares to deliver a full force overhead attack on Fighter B with speed and intent. Figure 2: Fighter B wisely parries the attack with the forte (strongest part) of his sword. Figure 3: Without missing a beat, fighter A follows up with what looks like the same attack he did in figure 1, however.. Figure 4: While looking at the opponents head and keeping the ...
