Book Description This book proposes a model that aims to capture what happens between analyst and patient when a therapeutic relationship is effective. It outlines a series of insights that have led to the emergence of the subject in question, via analysis of the image of the labyrinth from historical point of view.

### **The Labyrinth of Possibility: A Therapeutic Factor in ...**

Starting from his own clinical experience, Tricarico runs into the image of the classical labyrinth (Daidalon) and a deeper analysis of what this symbol implies, revealing it as a symbol of "Possibility". The worldwide presence in different cultures and ages of the labyrinth as such a symbol may indeed point to the existence of an element beyond it, whose activation in the relationship between patient and analyst could be a fundamental factor for psychic change.

A labyrinth is an ancient circular diagram found in many cultures around the world. It represents a spiritual journey in a physical form. In its classical form, this sacred diagram consists of a single concentric circular path with no possibility of going astray.

## **THE LABYRINTH - Franciscan Spiritual Center**

This new edition of his international masterpiece reminds us why the Mexican poet, playwright, and essayist is an intellectual force worth reckoning with (and an undeniable candidate for the Nobel Prize). The moral imagination everywhere in evidence in the title essay (first published in 1951) accrues with time, for vision demands revision. And Paz continues to accept the challenges provided ...
