The study of American folklore : an introduction (Book ...

Folklore, in modern usage, an academic discipline the subject matter of which (also called folklore) comprises the sum total of traditionally derived and orally or imitatively transmitted literature, material culture, and custom of subcultures within predominantly literate and technologically advanced societies; comparable study among wholly or mainly nonliterate societies belongs to the disciplines of ethnology and anthropology.

Folklore | academic discipline | Britannica

A widely used textbook focusing on American folklore, although the introductory chapters on "The Field of Folklore" and "The Study of Folklore" cover the field globally. The organization of the work is by genres—oral, social, and material—with basic definitions of each folkloric form. Georges, Robert A., and Michael Owen Jones. 1995.
